## EDUCATION

### LEHIGH UNIVERSITY, BETHLEHEM, PA

B.S. in Computer Science & Engineering

Graduating in 05/2027

**Scholarships:** Men's business league, Rich Lichtel Memorial Scholarship

**Related Coursework:** Database Systems and Applications, Design & Analysis of Algorithms, Software Engineering, Web Systems Programming, OOP & Data Structures

- **Certifications:** Microsoft:
  - Relational Database Design & Advanced Querying,
  - Security Maintenance & Integration with BI Tools,
  - Data Manipulation and Transaction in SQL Server

## PROJECTS

### Fincrate: [Fincrate](#)

Fincrate is a full-stack web application that enables users to track, analyze, and optimize their investment portfolios. It supports stocks, ETFs, and cryptocurrencies, delivering real-time analytics, secure account management, and AI-powered investment recommendations, all within a clean, professional interface inspired by modern fintech platforms. My role in this was the Backend Developer, using postgres SQL on Supabase as our database.
